**Department of Parks and Recreation—Item 3790-001-0001**  
**State Park System Funding**

---

June 13, 2008

**3790-001-0392—For support of the Department of Parks and Recreation,  
for payment to Item 3790-001-0001, payable from the State Parks and  
Recreation Fund .....\$133,804,000**

**Provisions:**

1. Included in this item is the authority for \$10,000,000 in additional fee revenues to be raised and spent as follows. It is the intent of the Legislature that the department raise these fee revenues in a manner that minimizes the impact on attendance in the state park system. It is also the intent of the Legislature that these additional fee revenues are shared between the state park system as a whole and the specific park units in which these fees are increased, such that the additional fee revenues support the maintenance needs and park services at the parks where fees are increased.
