^a Funds provided through inter-agency agreement to Commission on Teacher Credentialing (6360-001-0407).

- These one-time federal carryover funds are to be used for state-level activities benefitting English learner (EL) students.
- Governor did not propose a use for these funds.
- LAO compromise uses available funds to support three evaluations proposed by Assembly as well as Senate proposal for a three-year monitoring program for EL students attending alternative schools.
- LAO compromise does not fund Assembly proposal for parent interpreters because (1) those funds would come at the expense of existing local efforts, (2) the project would benefit few school districts, and (3) districts can use Economic Impact Aid funds for interpreters if they are deemed a local need.
