OVERVIEW

This report summarizes the fiscal effect of:

- The 1984 Budget Act (AB 2313),
- The budget Trailer Bill (SB 1379) which makes statutory changes needed to implement the Budget Act, and
- The local government finance bills (AB 1849/SB 794).

The report shows the effect that expenditures and revenues authorized by these acts will have on the condition of the General Fund.

The expenditure and surplus estimates contained in this report are not predictions of what the final budget totals for fiscal year 1984-85 will be. Rather, these estimates simply reflect (1) the most recent projections of revenue to the General Fund, (2) the latest estimates of caseloads under "open-ended" programs, and (3) legislative action completed through June 30, 1984. As the fiscal year progresses, these estimates will be revised to reflect such factors as:

- Unanticipated economic developments;
- Changes in the rates of expenditure under entitlement programs, such as Aid to Families with Dependent Children (AFDC) and Medi-Cal;
- The enactment of new legislation;
- Administrative actions taken by the executive branch;
- Decisions handed down by the courts; and
- Actions taken by the Congress and the President on the 1985 federal budget.

PART ONE of this report highlights the major actions taken on the 1984 Budget Act, and summarizes the fiscal effect of these actions on the General Fund. In addition, this part provides an historical perspective on General Fund expenditures and shows the funding levels approved for the state's major programs, as well as the overall effect of the budget on the size of the state's workforce.

PART TWO of this report describes the approved 1984-85 spending plan in more detail. It outlines the actions taken on each individual item in the 1984 Budget Act and compares the 1984-85 appropriation for each to the amount spent in 1983-84.

THE 1984 BUDGET ACT

The Budget Act for 1984-85 (Ch 258/84) was signed by the Governor on June 27, 1984. Table 1 presents a chronological summary of the changes made to the budget proposed by the Governor on January 10, 1984.

The Governor's Budget, as Proposed and Revised

Table 1 indicates that in his January budget, the Governor proposed that the state spend \$30.3 billion during fiscal year 1984-85. This amount included:

- \$25.1 billion in General Fund expenditures;
- \$4.8 billion in Special fund expenditures; and
- \$0.4 billion in selected bond fund expenditures.

*double-counting
12/1/84*

Subsequently, the Governor proposed changes to this spending plan that increased the total by \$172 million. These changes included a net decrease in General Fund spending of \$219 million, a \$39 million increase in special fund spending, and a \$352 million increase in spending from selected bond funds. Thus, as Table 1 shows, the Governor's revised budget called for expenditures totaling \$30.4 billion, of which \$24.9 billion was to come from the General Fund.

Legislative Action on the Governor's Budget

Legislative action on the Governor's Budget resulted in a net expenditure increase totaling \$1.2 billion. This reflected an \$890 million increase in General Fund spending, a \$31 million decrease in special fund spending, and a \$336 million increase in spending from selected bond funds. Thus, as the table shows, the Legislature approved expenditures by the state totaling \$31.6 billion.

a. Details may not add to totals due to rounding.

Amounts Vetoed by the Governor

The Governor vetoed a total of \$786 million from the spending plan approved by the Legislature. This amount, which represents 2.5 percent of total expenditures contemplated by the Budget Bill, included:

- \$725 million appropriated from the General Fund (2.8 percent of approved expenditures);
- \$55 million appropriated from special funds (1.2 percent); and
- \$6 million appropriated from selected bond funds (0.5 percent).

In addition, the Governor reduced appropriations of federal funds by \$32 million, or (0.2 percent), and appropriations from nongovernmental cost funds by \$18 million (0.2 percent). Thus, total reductions made by the Governor in signing the 1984-85 Budget Bill amounted to \$836 million.

Among the more significant changes made by the Governor in acting on the Budget Bill are the following:

General Government

- Legislature--Reduced appropriations by \$37.0 million (General Fund) at the request of both the Senate and Assembly leadership following Proposition 24's approval by the voters.
- California Public Broadcasting Commission--Eliminated all funding for the commission, (\$4.0 million General Fund).
- Commission on Industrial Innovation--Eliminated all support for the commission (\$0.2 million General Fund).
- Augmentation for Employee Compensation--Vetoed \$57.1 million (\$27.1 million General Fund) appropriated for "comparable worth" pay adjustments, and \$11.2 million (\$6.0 million General Fund) appropriated for other special pay adjustments.

Resources

- Water Resources Control Board--Reduced appropriations by \$2.5 million (\$510,000 General Fund), and 78.9 positions, primarily to eliminate staff for (1) the update and revision of waste discharge orders and (2) increased enforcement, inspection and cleanup activities at hazardous waste sites.
- Energy Commission--Reduced by \$1.1 million and 8.1 personnel-years the appropriations supporting the establishment and revision of energy conservation standards for buildings.

Health

- Preventive Health Programs--Reduced discretionary cost-of-living adjustments (COLAs) from 5.4 percent to 3.0 percent, (\$21 million General Fund); vetoed a legislative augmentation of \$30 million for medically indigent services; and, vetoed other augmentations totaling \$19 million.
- Medi-Cal--Reduced discretionary COLAs from 5.4 percent to 3.0 percent, for a total reduction of \$12.5 million (\$5.7 million General Fund).
- Mental Health--Vetoed an augmentation of \$10.5 million for community residential treatment services.

Welfare and Employment

- Office of Economic Opportunity--Eliminated \$2.8 million in Petroleum Violation Escrow Account funds targeted for energy assistance to low-income households.
- Employment Development Department (EDD)--Eliminated \$1.5 million from the EDD contingent fund targeted for child care and

transportation expenses of Job Training Partnership Act (JTPA) trainees.

- Department of Social Services--Reduced the appropriation for child welfare services (SB 14) by \$20.5 million; eliminated \$9.8 million appropriated to cover the cost of moving forward the beginning date of aid for the AFDC program; and reduced the appropriation for various welfare COLAs by \$22.1 million.

Criminal Justice

- State Public Defender--Reduced the office staff by 74 positions and vetoed \$3 million (General Fund).
- County Public Defenders--Eliminated assistance to county public defenders (\$0.8 million General Fund).

K-12 Education

- Special Education--Reduced the appropriation for the special education program serving handicapped students by \$110 million (General Fund).
- School Construction--Eliminated \$100 million (General Fund) appropriated on a contingency basis for school construction.
- Cost-of-Living Adjustments--Reduced COLAs for various education programs from 5.9 percent to 3.0 percent, for a total reduction of \$28.9 million.
- Public Library Foundation Program--Reduced by \$15.9 million the appropriation for grants-in-aid to local public libraries.
- Education Technology Program--Reduced by \$15 million an augmentation for increased funding of the Computer Education Act of 1983.

Postsecondary Education

- University of California--Vetoed \$64.8 million (General Fund) appropriated on a contingency basis for the University of California Retirement System; vetoed legislative augmentation for "comparable worth" pay adjustments (\$10.8 million General Fund).
- California State University--Vetoed various augmentations for a total General Fund reduction of \$19.8 million.
- California Community Colleges--Eliminated enrollment growth funding and reduced the COLA for apportionments from the legislatively authorized level of 13.5 percent to 11.0 percent (\$39.3 General Fund); deleted funding for the proposed matriculation program (\$10 million General Fund).

Capital Outlay

- Department of General Services--Eliminated funding for a new Sacramento parking garage (\$5.9 million special funds).
- Department of Parks and Recreation--Deleted \$6 million appropriated for the Cascade Ranch acquisition in San Mateo County; deleted \$9 million appropriated for acquisition in the Santa Monica Mountains area.

Further Changes to the Budget Proposed by the Governor

In reducing various appropriations made by the Legislature in the Budget Act, the Governor indicated that he has "set aside" funds totaling \$64.8 million which he proposes be used to restore the base contribution to the University of California Retirement System (UCRS).

Fiscal Effect of Local Government Financing Legislation

Just after the start of the 1984-85 fiscal year, the Legislature passed two local government financing bills AB 1849 and SB 749. The fiscal effect of this legislation, relative to current law, is to decrease revenues by \$210 million, and to increase expenditures by \$253 million.

TOTALS	\$44,284	\$49,232	\$52,695	\$3,463	7.0%

a. Details may not add to totals due to rounding.

b. Source: State Controller.

c. Department of Finance's estimates as of May 1984.

d. Reflects the enactment of the local government financing bills, AB 1849 and SB 749.

e. This figure differs from the Department of Finance's estimate because it correctly reflects (1) the impact of not funding the stray-cat mandate, and (2) the \$39 million included in the 1983-84 deficiency bill (AB 3073) for the special education deficiency (the department shows this amount as a "set aside" in 1984-85).

TOTAL EXPENDITURES

Table 2 shows the level of state expenditures approved for 1984-85 and compares it to the level of expenditures in 1982-83 and 1983-84. PART TWO of this report lists the amount appropriated under each individual item in the Budget Act.

Total state expenditures authorized for 1984-85, including expenditures from the General Fund, special funds and selected bond funds, amount to \$31,155 million. This is:

- \$711 million more than the amount proposed by the Governor, and
- \$3,957 million more than the estimated level of expenditures in 1983-84.

The table also shows that General Fund expenditures for 1984-85 amount to \$25,324 million. This is:

- \$467 million more than the amount proposed by the Governor, and
- \$2,719 million (or 12.0 percent) more than the estimated level of General Fund expenditures in 1983-84.

Historical Perspective on General Fund Expenditures

To put this year's budget in perspective, it is useful to compare the level of expenditures authorized for 1984-85 with the level of expenditures in recent years.

State spending in "current" and "real" dollars. Spending levels can be compared using both "current" and "real" dollars. "Current" dollars make no allowance for the effects of inflation on purchasing power. In contrast, "real" dollars represent current dollars adjusted to remove the effects of inflation. The use of "real" dollars provides the best means of measuring the true growth in spending.

Table 3

a. Source: State Controller.

b. "1975 Dollars" equal current dollars deflated by the change in the Gross National Product implicit price deflator for state and local purchases of goods and services since 1975-76.

c. Source: 1984 May Revision and 1984 Budget Act.

d. Reflects the enactment of the local government financing bills, AB 1849 and SB 749.

Table 3 shows General Fund spending from 1975-76 through 1984-85 in both current and real dollars. In terms of current dollars, General Fund expenditures in 1984-85 will exceed 1983-84 expenditures by 12.0 percent. This increase resulted primarily from the large increases in funding provided for K-12 education and postsecondary education.

When expenditures are adjusted for inflation and expressed in real terms, however, the size of the increase is cut in half. Table 3 shows that using 1975-76 as the base year, real expenditures in 1984-85 will increase by 5.5 percent over the 1983-84 level. This increase leaves real expenditures just slightly above the 1978-89 level.

Per capita spending. Another method that can be used to compare trends in General Fund expenditures is to examine spending on a per capita basis. In 1975-76, the state spent from the General Fund approximately \$442 per Californian. In current dollars, the approved 1984-85 budget provides for expenditures totaling approximately \$990 per citizen, 124 percent more than the 1975-76 level. When per capita General Fund expenditures are adjusted for inflation, however, the level drops to \$513 per citizen, or 16 percent more than it was in 1975-76.

Total Expenditures, by Function

Table 4 shows the distribution of budget expenditures among the three major spending categories--state operations, capital outlay, and local assistance--for 1982-83, 1983-84, and 1984-85. As the table shows spending for local assistance accounts for the largest portion--72 percent--of total state expenditures.

f. Includes \$250,000.

g. Percentage change exceeds 100 percent.

NMF: No meaningful figure.

Total Expenditures, by Program

Table 5 illustrates how state General Fund spending is distributed among individual program areas. Spending in the K-12 education area accounts for the largest percentage of total state General Fund expenditures--just over 39 percent. Health and welfare programs account for the second largest percentage of General Fund expenditures (31 percent), followed by postsecondary higher education (15 percent), and property tax relief (3 percent).

The table also shows that the programs receiving the largest dollar increases in General Fund support during 1984-85 are K-12 education, postsecondary education, Aid to Families with Dependent Children, and criminal justice. K-12 education (including contributions to the State Teachers' Retirement System) will receive \$1.3 billion more in 1984-85 than the amount spent in this program area during 1983-84, while postsecondary education will receive an increase of just over \$500 million. Tables 6 through 8 show how total funding for K-12 and postsecondary education programs (including funding from sources other than the General Fund) has increased. Table 9 displays what the increases in the cash grant assistance programs have meant for the individual recipient of the welfare benefits.

K-12 Education. As Table 6 shows, the budget provides for a total of \$15.6 billion in funding for K-12 education in 1984-85. This is an increase of \$1,872 million, or nearly 14 percent, over what was provided in 1983-84. In terms of the amount spent per unit of "average daily attendance" (ADA), the 1984-85 funding level provides \$3,590, which is an increase of nearly 12 percent from the 1983-84 level. Table 7 puts these

1983-84 (estimated)	13,732.1	4,280,719	3,208	7.8	1,766	1.7
1984-85 (as enacted)	15,603.8	4,346,948	3,590	11.9	1,860	5.3

increases into an historical perspective. It shows that in 1984-85, K-12 schools will receive an increase that, in percentage terms, is the largest since 1979-80. In terms of purchasing power, 1984-85 will be the second year in a row that schools will receive an increase per ADA.

Of the total amount that will be available for K-12 education in 1984-85, \$9,933 million will come from the state's General Fund. This is an increase of \$1,257 million, or 14.5 percent, over the amount provided in 1983-84. Second-year funding of the major education reforms enacted in 1983-84 by Ch 498/83 (SB 813) accounts for much of the increase. The largest single component, however, accounting for over two-fifths of the increase, (\$524 million), is the larger state contribution to the State Teachers' Retirement System (STRS). Of this amount, \$211 million represents the statutorily required contribution for 1983-84 that was vetoed by the Governor from the 1983 Budget Act.

Postsecondary Education. As Table 8 shows, the budget provides \$3.9 billion in state funds to support the various segments of postsecondary education. This is an increase of just over \$500 million, or 15 percent, above the amount provided in 1983-84. Among the three major segments of postsecondary education, the University of California (UC), and the California State University (CSU) will receive the largest percentage increases--22 percent and 20 percent, respectively. In contrast, the California Community Colleges will receive a General Fund increase of 2.7 percent over the 1983-84 level. Taking into account other sources of revenues, however, the amount available for expenditure by the community colleges will increase by 11 percent in 1984-85.

b. Percentage change exceeds 100 percent.

NMF: No meaningful figure.

The table also shows that in 1984-85, UC and CSU students will pay lower fees than in the prior year, while community college students will, for the first time, pay a mandatory fee.

AFDC and SSI/SSP Grants. As Table 9 shows, the 1984 Budget provides almost \$300 million (all funds) for cost-of-living increases to recipients under the Aid to Families with Dependent Children (AFDC) and Supplemental Security Income/State Supplementary Payment (SSI/SSP) programs. In 1984-85, the maximum cash grant will increase under both programs by 5.6 percent.

a. Actual percent increase differs from 5.6 due to rounding.

General Fund Cost-of-Living Adjustments

The 1984 Budget Act provides almost \$1.5 billion from the General Fund for cost-of-living increases (COLAs). These increases range from 2 percent to 11 percent. As Table 10 shows, the largest dollar increases are for K-12 education. The budget provides for a 5.9 percent increase in apportionments and either a 3.0 percent or a 5.9 percent increase for most categorical programs. The cost of these increases totals \$643 million. The budget also contains \$439 million for employee compensation increases. This will fund increases of approximately 10 percent for civil service employees, and increases for employees of the University of California and California State University ranging from 10.3 percent to 11 percent. Both Supplemental Security Income/State Supplementary Payment (SSI/SSP) and Aid to Families with Dependent Children (AFDC) recipients will receive a 5.6 percent increase in their benefits, at a total cost to the General Fund of over \$185 million.

- CDS received rate adjustments totalling \$6,127,000 or approximately 11 percent, to partially restore reductions enacted by the 1982 Medi-Cal reforms (AB 799).
- Includes a 2.0 percent 1984-85 rate increase and a 5.6 percent rate adjustment to restore one-half of the 10 percent rate reductions mandated by the 1982 Medi-Cal reform measures. Rates for clinical laboratories, which were reduced by 25 percent in 1982-83, also have been adjusted by 5.6 percent.
- Regional center personal services and out-of-home care received higher increases.
- K-12 district COLA is based on the percentage change in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services for the 12-month period ending in the third quarter of 1983-84, per Ch 97/84.
- COLAs for these programs are tied to the percentage COLA provided to unified school districts.
- Per Ch 565/83 (SB 851) and Ch 1xx/84 (AB 1xx).
- The General Fund portion of the COLA; the overall increase will be 10 percent, with the balance of funds coming from property taxes and student fee revenues.
- Included in apportionment base by the Department of Finance.

Summary of Major Expenditure Changes from 1983-84

PART TWO of this report compares the appropriation for each individual item in the 1984 Budget Act to the estimated amount spent under these items in 1983-84. Table 11 highlights the major expenditure changes from 1983-84.

THE 1984 TRAILER BILL

The 1984 Budget Act was accompanied through the legislative process by the so-called "budget trailer bill" (SB 1379). The trailer bill makes the statutory changes necessary to implement the Budget Act.

The majority of the changes made by the 1984 trailer bill are technical and do not represent significant law changes. Among the more significant statutory changes that are made by the trailer bill are those changes that:

- Increase the number of new Cal Grant Awards from 23,062 to 25,320 per fiscal year.
- Delete the requirement that funds in the Special Account for Capital Outlay (SAFCO) be transferred to the General Fund to replace General Fund revenues not collected due to state energy conservation tax credits. In 1984-85, this will result in a General Fund revenue loss of \$42 million.
- Authorize the use of external short term borrowing to meet the monthly cash needs of the General Fund. Use of this newly authorized borrowing could result in major revenue gains to the General Fund.

↓
DOF as of July estimates

GENERAL FUND REVENUES

The overall condition of the General Fund depends upon both expenditures and revenues. In 1984-85, General Fund revenues and transfers are estimated to be \$25.8 billion. This is \$2.2 billion or 9.3 percent, more than the most-recent estimate of revenues and transfers in 1983-84. *< may revise, versus June revise >* The growth in revenues reflects the strong economic recovery which began in the first half of 1983 and which has continued into the second half of 1984.

The growth in General Fund revenues would be slightly larger--10.7 percent--if "one-time" monies are excluded from the totals for both years. These one-time funds amount to about \$400 million in 1983-84 and about \$110 million in 1984-85.

Table 12 shows the actions taken in connection with the 1984 Budget Act that had a significant effect on General Fund revenues. The major action in this category was the redirection of Vehicle License Fee monies to local governments, resulting in an annual General Fund revenue loss of approximately \$~~200~~²¹⁰ million. This action was taken by the Legislature in enacting legislation which provides local government with a more stable revenue base in the future. Compared with its actions in recent years, however, the Legislature's action on the revenue side of the budget for 1984-85, were primarily limited to small transfers from special funds to the General Fund and did not include any tax increases.

Additional expenditures proposed by the Governor	--	UCRS 65
Residual Balance in Reserve for Economic Uncertainties	--	943

- a. These amounts differ from those contained in the Department of Finance's estimates because the latter reflect a \$13 million error associated with the stray-cat mandate.
- b. This amount differs from Department of Finance's estimate because the latter reflects an overestimate of the Tidelands Oil transfer. (5m)
- c. These figures do not reflect the Department of Finance's June revenue estimates that would increase 1983-84 revenues by \$68 million and decrease 1984-85 revenues by the same amount. The 1984-85 figures also do not reflect an estimated expenditure increase of \$68 million in short-term external borrowing costs and a corresponding revenue increase of \$68 million in interest earnings from the temporary investing of externally borrowed monies.
- d. Reflects \$39 million for special education deficiency in 1983-84. The administration shows this amount as a "set-aside" in 1984-85.
- e. Reflects Department of Finance's estimate of reduced unidentified savings. = to what?

CONDITION OF THE GENERAL FUND

Table 13 shows the condition of the General Fund on June 30, 1984 and the effects on the General Fund of the revenue and expenditure programs approved for 1984-85.

The actual General Fund condition as of June 30, 1984 will not be known until September or October of 1984, when the State Controller reports revenues and expenditures for the year on an accrual accounting basis. The Department of Finance's current estimates of revenues and expenditures, however, indicate that the balance in the General Fund was \$505 million on June 30, 1984. Of this amount, \$400 million was uncommitted.

The Governor's spending plan for 1984-85 includes a Reserve for Economic Uncertainties--the state's "rainy day fund"--of \$950 million. The Legislature, in Control Section 12.30, appropriated an amount necessary to bring the balance of the reserve on July 1, 1984 up to 3 percent of the General Fund expenditures provided for in the 1984 Budget Act. This amount is \$751 million. The same control section also provides that at the end of the fiscal year (June 30, 1985) the unencumbered balance in the General Fund or the difference between the state's 1984-85 "appropriation's subject to limitation" and its "appropriations limit," whichever is less, will automatically be appropriated to the reserve. ?

Based on the Department of Finance's revenue and expenditure projections, we estimate that, absent any further changes to the budget, the balance in the General Fund on June 30, 1985 will be \$1,012 million. Of this amount, \$1,008 million will be uncommitted. If however, the Legislature approves the Governor's proposal to restore the \$64.8 million base contribution to the University of California Retirement System that was deferred in 1983-84, the reserve on June 30, 1985 would be reduced to \$943 million.

ALLOCATION OF TIDELANDS OIL AND GAS REVENUES

The amount of tidelands oil and gas revenue available for expenditure in 1984-85 is estimated at \$387 million. This amount includes \$12 million in prior-year revenues. As Table 14 shows, the Governor's Budget (as revised) proposed to spend \$363 million of these revenue, leaving an unappropriated balance of \$24.1 million on June 30, 1985.

The Legislature approved total expenditures of \$333 million from tidelands oil revenues, and provided for the transfer of \$32.1 million to the General Fund. Subsequently, however, the Governor vetoed \$17.2 million appropriated from tidelands oil revenues and deleted the \$32.1 million transfer to the General Fund.

The effect of the Governor's action was to increase the unappropriated balance in the Special Account for Capital Outlay by \$41.9 million and leave an unappropriated balance of \$7.4 million in the Energy and Resources Fund. Thus, the Budget Act as chaptered, leaves a total of \$71.4 million in tidelands oil revenues unappropriated, consisting of \$57.2 million in the Special Account for Capital Outlay, \$6.8 million in the Capital Outlay Fund for Public Higher Education, and \$7.4 million in the Energy and Resources Fund.

THE STATE WORKFORCE

The Budget Act, as signed by the Governor, includes funding for 230,310 personnel-years (all funds). As Table 15 shows, this is 203 personnel-years less than the number proposed by the Governor, and 4,110 personnel-years less than what the administration estimates was the number of personnel-years in 1983-84.

Percent	-1.8%
Governor's Budget as revised (May)	230,513
Number	-203
Percent	-0.1%

Legislative Changes to the State Workforce

In January, the Governor proposed a state workforce of 229,540 personnel-years. Another 973 personnel-years subsequently were requested by the administration, resulting in a total proposed workforce of 230,513 personnel-years. The Legislature added 610 personnel-years to the total proposed by the Governor. The major additions to the workforce made by the Legislature were in the areas of health and welfare, general government and postsecondary education.

Personnel-Years Vetoed by the Governor

The Governor eliminated 813.4 personnel-years (all funds) from the budget as approved by the Legislature. Most of the personnel-years vetoed by the Governor were funded from the General Fund (519.6 personnel-years) or with federal funds (175.4). Significant personnel-years vetoes included the following:

- Employment Development Department--171.9 personnel-years (and \$7.8 million in reimbursements) funded by the Legislature to provide employment and training services to local agencies under the Job Training Partnership Act (JTPA).
- University of California--92 janitorial positions and 16 positions for the Lawrence Hall of Science, for a total reduction of 108.
- State Public Defender--74 positions from the office staff of the State Public Defender.
- Department of Forestry--69.6 personnel-years added by the Legislature for local fire protection services. (The Governor did not reduce \$2.4 million of reimbursements from contract payments associated with these personnel-years. His veto message

indicated that the department has a plan to fulfill its contract commitments without adding personnel.)

Changes in the Workforce from 1983-84

In January, the Governor proposed to reduce the size of the state's workforce in 1984-85 by 4,880 personnel-years, or 2 percent, below what the budget estimated to be the level in 1983-84. The 1984 Budget Act, as chaptered, provides for a workforce that is 4,110 personnel-years smaller than what the administration estimates the 1983-84 workforce to have been. Table 16 shows the distribution of these reductions among program areas.

The Governor indicates that a management review following a strictly enforced hiring freeze showed that a large number of personnel-years could be eliminated as a result of increased efficiencies. A portion of the reduction claimed by the Governor can legitimately be attributed to "efficiencies." As we demonstrated in The 1984-85 Budget: Perspectives and Issues, however, other factors play a large role in explaining the apparent reduction. For example, our analysis found that the estimate of 1983-84 personnel-years, to which the staffing level for 1984-85 is compared, was inflated, thus giving the appearance of a larger drop in the number of personnel-years than will actually occur. As part of the total reduction, the Governor also counts a significant number of authorized positions that would have terminated automatically at the end of 1983-84.

PART TWO--DETAILED SUMMARY OF 1984 BUDGET ACT ITEMS

GENERAL GOVERNMENT

LEGISLATIVE, JUDICIAL, EXECUTIVE

Legislature

- The budget includes a total of \$103 million for support of the Senate, Assembly and various support services in 1984-85. This amount includes \$8.4 million which the budget transfers to the Legislature from the employee compensation item. The budget reflects a reduction of \$37 million which the Governor vetoed in response to the Legislature's request to implement provisions of Proposition 24, which was approved by the voters in June 1984.

STATE AND CONSUMER SERVICES

Bureau of Automotive Repair

- The Legislature approved \$19,736,000 from the Vehicle Inspection Fund to provide full-year funding for the Biennial Vehicle Inspection Program. The increase is \$8,242,000, or 71.7 percent, above estimated expenditures in 1983-84 for the program.

Contractor's State License Board

- The Legislature augmented the board's budget--through the trailer bill--by 15 field investigator positions and \$587,000 for the board to handle increased workload. This amount was vetoed by the Governor.

Board of Medical Quality Assurance

- The Legislature added \$285,000 to the board for investigation of fraudulent medical degrees. The Governor vetoed \$87,000 and two

positions. The Legislature also added \$1 million for the board to conduct a continuing education program on Medi-Cal regulations. The Governor vetoed the \$1 million and also deleted related budget language.

GENERAL ADMINISTRATION

California Public Broadcasting Commission

- The Legislature provided \$4 million for the commission in 1984-85. The Governor, however, vetoed the entire amount.

Agricultural Labor Relations Board

- The Legislature augmented the board's budget by \$1.1 million, or 13.1 percent. The entire augmentation was vetoed by the Governor.

Department of Industrial Relations

- The Legislature augmented the department's budget by \$4.9 million (\$3.8 million General Fund). The Governor vetoed all but \$875,000 (\$438,000 General Fund), leaving funds to reduce the salary savings rate in Cal-OSHA.

Augmentation for Employee Compensation

- The Governor proposed \$444.9 million (\$220.3 million General Fund) for a 10 percent increase in salaries and benefits for state civil service employees. The Legislature augmented this item by \$63.3 million (\$33.1 million General Fund) for comparable worth and special pay adjustments. The Governor vetoed these increases.

Statewide Telecommunications System

- The Governor proposed \$18.2 million to fund the administration's telecommunications plan in 1984-85. These funds were not approved by the Legislature.

BUSINESS AND TRANSPORTATION

The Legislature approved a total of \$3,477 million in state and federal funds for business, transportation and housing programs in 1984-85. The Governor vetoed \$7.8 million, leaving a total of \$3,469 million for the budget year. This is an increase of \$577 million (20 percent) from estimated current-year expenditures.

BUSINESS

Funding for business and housing approved by the Legislature totaled \$208 million. The Governor vetoed \$935,000, resulting in a final Budget Act spending level of \$207 million. This represents an increase of \$4.3 million (2.1 percent) from current-year Budget Act expenditures. Among the significant changes in the budget are:

- A \$3.5 million increase from current-year levels for the Department of Economic and Business Development (DEBD) to develop and implement business marketing and tourist advertising programs for the state.
- A \$935,000 increase to DEBD to fund a new small business development corporation in San Francisco. The Governor vetoed this legislative augmentation.
- A \$767,000 increase from current-year levels for the Department of Savings and Loan to begin monthly field visits to newly chartered savings and loans associations.

TRANSPORTATION

The Legislature authorized \$3,268 million for transportation in 1984-85. After the Governor vetoed \$6.8 million, \$3,262 million was

appropriated in the Budget Act. This is an increase of \$573 million (21 percent) from current-year expenditures.

Among the significant increases in the following departmental budgets are:

Department of Transportation

- A \$466 million increase for highway capital outlay expenditures from current-year levels, including an increase of \$67.2 million in state funds (a 38.2 percent increase over current-year levels) and \$398.2 million in federal funds (a 63.1 percent increase).
- A \$58.4 million increase in support for the Highway Transportation program, including \$47.8 million in state funds (a 7.5 percent increase) and \$10.6 million in federal funds (a 10.8 percent increase).
- The Legislature approved a \$5.3 million increase in intercity rail capital outlay expenditures (compared to no appropriation in the current year). The Governor vetoed \$2 million of this increase.

Department of the California Highway Patrol

- The Legislature proposed a \$4,276,000 increase to support cost-of-living salary increases for CHP uniformed supervisors (in addition to the increase provided in the general employee compensation item). This increase was vetoed by the Governor.
- A \$3,566,000 increase to support CHP overtime activities and equipment related to the 1984 Summer Olympic Games in Los Angeles. This includes an increase of \$484,000 from the General Fund to support dignitary protection at the Summer Olympics.

RESOURCES

California Tahoe Conservancy

- Provides first-time funding of \$733,000 to establish the conservancy and administer the Tahoe land acquisition bond program approved by the voters in 1983.

Energy Commission

- increases state funds for energy conservation loans to schools, hospitals, and local governments by \$6.5 million, from \$2.5 million to \$9 million.
- Reduces federal funds by \$8.9 million to reflect a one-time allocation to the state in 1983-84 of payments from oil companies to the federal government in settlement of past pricing disputes. This money was used in the current year for a variety of purposes, including energy conservation loan subsidies and traffic signal synchronization grants.

Air Resources Board--Acid Deposition Research and Monitoring

- Doubles, from \$2 million to \$4 million, funding for research on and monitoring of acid deposition from air pollution pursuant to Ch 1473/83. Funds for this program come from the Motor Vehicle Account and emission fees.

Department of Parks and Recreation

- Increases funds for Roberti-Z'berg grants to local agencies by \$19.1 million from 1984 park bond funds, from \$3.4 million to \$22.5 million.

- Reduces funds for local grants for off-highway vehicle recreation by \$7.5 million, from \$12.5 million to \$5 million.
- Reduces other local grants from various park bond funds by \$14.2 million, from \$18.2 million to \$4 million.

Department of Water Resources

- Increases funds for local flood control subventions by \$11.7 million (General Fund) from \$6.5 million to \$18.2 million in order to provide funds to pay all audited claims in 1984-85.

Water Resources Control Board

- Provides \$5.5 million (General Fund) to be used as a 10 percent match for federal funds for the construction of a facility in San Diego County to treat sewage in the Tijuana River.
- Provides \$2.5 million (various funds) to implement a statewide underground tank leak detection program,
- Increases by \$1.0 million from fees paid by operators of disposal sites, funds for inspection, enforcement, and cleanup activities related to hazardous wastes.
- Provides \$1.5 million from a litigation settlement to continue cleanup of the Leviathan Mine.

HEALTH

The Budget Act includes the following augmentations above current-year expenditures.

Office of Statewide Health Planning and Development

- The Budget Act includes an additional \$2.4 million (special funds) above current-year expenditures for seismic safety inspections.

Department of Health Services

Toxics and Health Protection

- \$2.7 million (Hazardous Waste Control Account) for enforcement staff, as proposed by the Governor.
- \$1.3 million (General Fund) in legislative augmentations for monitoring of chemicals in processed foods, plastic pipes, and drinking water and expansion of the State Cancer Registry to Orange County.

Preventive Health Programs

- \$2.5 million (General Fund) for the Child Health and Disability Prevention program.
- \$1.3 million (General Fund) for data collection on county health programs.
- \$4.6 million (federal funds) for perinatal programs.
- \$2.4 million (Genetic Disease Testing Fund) for the Neural Tube Defects program.

Medi-Cal

- \$12.7 million (\$6.4 million) to restore to the drug formulary nonsteroidal anti-inflammatory drugs deleted in the 1982 Medi-Cal reforms.
- \$32.9 million (\$16.6 million General Fund) for 5.6 percent adjustment to providers that received rate reductions in the 1982 Medi-Cal reforms.

Department of Developmental Services

- \$1.9 million (General Fund) for regional centers to purchase additional special services for clients.
- \$17.6 million (General Fund) for residential care rate increases and day program equity adjustments.
- \$1 million (Program Development Fund) for additional prevention services.
- \$2.6 million (General Fund) for a program to place 800 state hospital residents into the community.

Department of Mental Health

The Budget Act provided an augmentation of \$35 million (General Fund) for local mental health programs. In addition, the budget includes \$2.7 million (General Fund) to develop model programs in state hospitals.

WELFARE AND EMPLOYMENT

WELFARE

Department of Aging

- General Fund support for local assistance programs is up 35 percent due primarily to a \$2.0 million increase in senior nutrition programs.

Department of Rehabilitation

- The Department of Rehabilitation anticipates a 30 percent increase in local assistance payments due largely to a \$12.4 million, or 24 percent, increase in support for the Work Activity program.

Department of Social Services

- General Fund support for cash grants under the Aid to Families with Dependent Children program is up \$139.8 million over 1983-84 primarily due to cost-of-living increases and the cost of court cases.
- General Fund support for Supplemental Security Income/State Supplementary Payment cash grants is up a net of \$76.6 million over 1983-84 due to (1) increased outlays for cost-of-living increases and (2) savings due to increased recipient unearned income and federal funds for cost-of-living adjustments (COLAs).
- General Fund costs for social services programs are up \$56.3 million due to (1) a 3 percent discretionary COLA, (2) increased caseloads in the In-Home Supportive Services program, and (3) increased costs in the Child Welfare Services program.

EMPLOYMENT

Employment Development Department

- Support for the Employment Training Panel declined by \$20.6 million, or 27 percent, from 1983-84 levels due to reduced amounts of funds that are carried over from year to year.
- Unemployment Insurance (UI) benefits are projected to fall 24 percent, or \$766 million, due to lower anticipated levels of unemployment in the state in 1984-85. The UI administrative costs are also down \$68 million, or 18 percent, from 1983-84 levels.

CRIMINAL JUSTICE

The Legislature approved several major funding increases in the criminal justice area. These include:

Department of Corrections

- The General Fund support budget totals \$703.2 million, which is \$125.7 million, or 21.8 percent, higher than estimated current-year expenditures. Of this amount, \$42.1 million is included for staff and operating expenses for new prisons and camps.

Board of Corrections

- The budget authorizes the expenditure of \$252.3 million from the County Jail Capital Expenditure Fund for county jail construction projects. However, budget language provides that the board may not allocate funds to counties unless both AB 2357 and AB 3805, which relate to county jail construction projects, are chaptered.

Other funding increases authorized by the Legislature were reduced by the Governor's vetoes. These include:

State Public Defender

- The Legislature increased the budget by \$2.5 million over current-year expenditures to restore the office staffing to approximately 1982-83 levels. The Governor vetoed \$3 million and 74 positions, and indicated that the reduced budget would allow the office to handle only the most complex and sensitive cases.

County Public Defenders

- The Legislature provided \$775,000 for assistance to county public defenders. The Governor vetoed this amount.

K-12 EDUCATION

The total amount provided to support K-12 education in 1984-85 is \$15,603.8 million (see Table 6). This is an increase of \$1,871.7 million, or 13.6 percent, over the 1983-84 level of support. Total funding per unit of average daily attendance (ADA) will increase by 11.9 percent (5.3 percent after adjusting for inflation)--to \$3,590 per ADA (see Table 7).

1984 Budget Act

As shown in Table 23, the Governor's Budget proposed K-12 education expenditures of \$10,353.5 million. This amount excludes local property tax revenues, debt service, and miscellaneous revenues which are not appropriated in the Budget Act. This amount included \$9,371.7 million in General Fund expenditures, \$53.2 million in other state funds, and \$928.6 million in federal funds.

The Legislature made General Fund augmentations totaling \$576.6 million and federal funds augmentations of \$84.3 million. Thus, the Legislature's version of the Budget Bill proposed total K-12 expenditures of \$11,015.3 million.

The Governor vetoed \$366.0 million from the budget adopted by the Legislature, resulting in final Budget Act expenditures for K-12 education of \$10,649.3 million.

Significant changes from the current year include:

- \$642.6 million to provide a 5.9 percent COLA for programs with statutory COLAs (including revenue limits) and a 3.0 percent COLA to other categorical programs.
- \$552.0 million increase to provide "full funding" for SB 813 programs (excluding COLAs).
- \$521.1 million in increased General Fund contributions to the State Teachers' Retirement Fund, including restoration of 1983-84 contribution.
- \$85.0 million increase in funding for school construction.

POSTSECONDARY EDUCATION

As shown in Table 24, the Budget Act provides \$3,887.7 million in support for higher education in 1984-85. Support for the University of California (UC) increased by 22.2 percent over 1983-84, support to the California State University (CSU) increased by 20.2 percent, and support to the California Community Colleges (CCC) increased by 2.7 percent. Local support for the CCC is not shown in Table 24. Inclusive of local property taxes, support for the CCC increased by 11.0 percent over 1983-84.

The major changes over 1983-84 levels include:

University of California

- Provided funds equal to an 11.0 percent increase in employee compensation at a General Fund cost of \$115.5 million.
- Increased funding for instructional equipment at a General Fund cost of \$12.3 million.
- Reduced student fees from \$1,387 to \$1,317 thereby providing a General Fund augmentation of \$11.1 million.
- Increased funding for deferred maintenance at a General Fund cost of \$10.5 million.

California State University

- Provided funds equal to a 10.3 percent increase in employee compensation at a General Fund cost of \$101.9 million.

- Increased funding for instructional equipment at a General Fund cost of \$11.9 million.
- Increased funding for deferred maintenance at a General Fund cost of \$10.7 million.
- Reduced student fees from \$692 to \$650 thereby providing a General Fund augmentation of \$11.9 million.

California Community Colleges

- Increased apportionments to local districts at a General Fund cost of \$19.6 million.

Student Aid Commission

- Increased the amount for purchase of defaulted loans in the Guaranteed Student Loan Program at a General Fund cost of \$11.0 million.
- Increased the number of Cal Grants from 23,062 to 25,320 and the average award amount by 6 percent to 10 percent at a General Fund cost of \$8.7 million.

CAPITAL OUTLAY

The Legislature increased the capital outlay program by \$227 million bringing the total to \$647 million. The major increase was for new prisons where the Legislature changed the funding source from the General Fund to bond funds and increased the amount appropriated from \$76 million to \$278 million. The Governor vetoed a total of \$23 million leaving a total of \$624 million for capital outlay. A summary of these actions is shown in Table 25. The following are highlights of the Legislature's actions on capital outlay:

University of California

- The Legislature authorized \$59.7 million in revenue bonds to finance new buildings for high technology education at the Berkeley and Santa Barbara campuses.

Community Colleges

- The Legislature rejected the Governor's request to delete all but \$262,000 for the community colleges' capital outlay projects and approved a total of \$24,997,000 from the Capital Outlay Fund for Public Higher Education and the State Construction Program Fund (bonds). Major new buildings will be constructed at Mendocino College, West L. A. Airport Campus, Oxnard College, and at the new Orange/Canyon Campus in Orange County.

Department of General Services

- The Legislature (1) added \$5,338,000 to provide full funding for a new state parking garage in downtown Sacramento (the Governor

vetoed this project) and (2) provided funds to complete preliminary plans for new office buildings (Site 1D and 4) in Sacramento but reduced amounts to defer preparation of working drawings for both buildings and construction at Site 1D, total reduction \$13,123,000.

California Tahoe Conservancy

- The Legislature approved \$20 million of bond funds for land acquisition in the Tahoe area to begin implementation of the \$85 million acquisition program approved by the voters in 1983.

Department of Parks and Recreation

- The Legislature augmented the Governor's Budget by \$17,210,000 to provide \$60,202,000 for projects by the Department of Parks and Recreation. The Governor vetoed \$15,150,000 for various parks projects, including legislative augmentations of \$9,000,000 for acquisition in the Santa Monica Mountains area and \$6,000,000 for acquisition of the Cascade Ranch in San Mateo County.

Santa Monica Mountains Conservancy

- The Legislature provided an augmentation of \$2,285,000 to the Governor's Budget for acquisition of Deer Creek Ranch.

Department of Mental Health

- The Legislature approved preliminary plans/working drawings for fire and life safety improvements, CTW building, at Metropolitan State Hospital but deleted construction funds (\$10,467,000) because construction could not begin in 1984-85.

Department of Corrections

- The Legislature approved \$14 million of \$18.2 million requested for projects at existing prisons, and changed the funding source from the SAFCO to the 1984 Prison Construction Fund (bonds). The Legislature also changed the funding for new prison construction from the General Fund to the 1984 bond funds and increased the amount from \$76.5 million to \$280.9 million. The appropriation provides for new prisons at Tehachapi, Folsom, Adelanto, Avenal, Los Angeles, Ione, Vacaville, San Diego, the Northern California Women's Facility and camps at various locations.

Department of Food and Agriculture

- The Legislature approved (1) \$510,000 to prepare working drawings for a new veterinary diagnostic laboratory at the University of California, Davis, and (2) \$2,195,000 for new border inspection stations at Dorris and Hornbrook.
